

# Price Farms Organics, Ltd.

## PREMIUM BLEND

### Benefits for your garden:

- Improves soil structure
- Increases nutrient availability
- Supports plant growth
- Prevents soil compaction
- Natural & eco-friendly

### Recommended uses:

- In-ground gardens
- Flower beds
- Raised-bed gardens
- Large container gardens

For new gardens, add or fill with **Premium Blend** to desired depth. For existing beds, add 2–3 inches, incorporating into your existing soil.

**Premium Blend** is a ready-to-plant mix of high-quality soil, nutrient-rich compost, and sand. This well-balanced garden soil blend is the perfect growing medium for flower beds and gardens.

Price Farms Organics is a family-owned and operated business established in 1997. Guided by our faith and community values, our mission is to provide innovative organics recycling services and to produce the highest quality compost, soil, and mulch products in our region. For over 25 years, we've been transforming organic materials into valuable resources, reducing landfill impact, and nourishing gardens like yours!
