

# Price Farms Organics, Ltd.

## ZOO BREW™

### Benefits for your garden:

- Improves soil health
- Increases water retention
- Supports plant growth
- Reduces the need for chemical fertilizers
- Natural & eco-friendly

### Recommended uses:

- Soil amendment
- Flower beds
- Gardens
- Natural mulch

Add 2-3 inches of Zoo Brew™, topdress or incorporate into your existing soil.

Zoo Brew™ is formulated from zoo manure and animal bedding, horse manure, recycled food and vegetables, coffee grounds, and leaf humus.

Price Farms Organics is a family-owned and operated business established in 1997. Guided by our faith and community values, our mission is to provide innovative organics recycling services and to produce the highest quality compost, soil, and mulch products in our region. For over 25 years, we've been transforming organic materials into valuable resources, reducing landfill impact, and nourishing gardens like yours!
